

DIT

September 25, 2007

Minutes

12-3 PM

Recorder: Christy Watkins

Timekeeper: Eileen Dreiling

Facilitator: Lisa Brookover

Roll Call – welcome new members Lori Hurst, School Board Rep Mr. Rinckenbaugh

Minutes: approved

1. Middle School will choose one rep from fine arts to replace Dennis Cantu.

Adoption of Agenda:

Curriculum/Assessment

Review State Assessment Data- 30 minutes

Looked at www.cete.us website. Teachers/Staff need to create their own password. It will go to the principal for approval. Then the teacher/staff member will receive an e-mail telling them when it is available for use.

Looked at ksde.org website. In October the data will be official. This question was brought to our attention: Where do they get the percent not tested? Example: 3rd Grade Math at Robinson has students listed as not tested but Robinson tested all 3rd grade students.

Technology Report – updates on hardware and curriculum, tech plan- 15 minutes

Handout was given for the 2007-2008 school year.

Teachers/Staff would like a timeline. Teachers/Staff would like to know when computers are going to be worked on or replaced, so they don't lose items that are on their desktop. Discussion on Middle School technology classes not being optional. We had discussion about the technology committee. More information is needed to know who is on the technology committee. Lisa is in charge of the technology *curriculum* committee. These are two separate committees.

We would like Mr. Scarpelli to attend the November 13th DIT meeting.

Discussion about having a district shared drive or how to utilize web site for staff information.

Review Scope and Sequence of Content Areas- 30 minutes

In the past (approx. 3 years ago), it was decided that state standards should be used to drive the curriculum.

Discussion on curriculum maps. Please go back and talk about scope and sequence with your department/grade level/staff. We will continue discussion in November.

Curriculum Review Schedule – update/changes- 15 minutes

Lisa will work on revising the schedule separating elementary and secondary in needed areas.

Lisa would like an inventory of teaching materials for each content area.

School Improvement

Review AHS Smart Goal- 5 minutes

My Learning Plan Survey Results- 5 minutes Recommend taking at building level.

Next Meeting – November 13, 2007 12-3 lunch included

Agenda Items: 20 minutes

1. Discussion- Rigor; bring Tony Wagner articles
2. Bring back discussion on scope and sequence of content areas.
3. Have Mr. Scarpelli attend the Nov. 13th meeting for discussion on technology.
4. Update on Secondary Social Studies Curriculum Review, Wellness, Tech, and Bullying committees
5. VE 2 Science funding update
6. NWEA scores/reports
