

The Parent Talk System

Developed by
Chick Moorman (author of Parent Talk) and Sarah Knapp

Parents learn how to:

- ✗ Speak in words that nurture, uplift, inspire
- ✗ Hold children accountable for their actions without attacking personality
- ✗ Set appropriate limits and make controlled choice work
- ✗ Praise children in ways that develop a strong internal sense of self-esteem
- ✗ Learn language that promotes independence while reducing learned helplessness
- ✗ Add to their tool box of parenting skills, so both parent and child become more Response-Able
